Pamela Parr,  
Earl McCollough  
Marry October 12

Miss Pamela Parr, of Opp, was married to Earl McCollough at Westside Baptist Church in Opp, October 12 at 2:30 in the afternoon, with the Reverend Burney Enzor, pastor of the church, officiating. Parents of the couple are Joe Parr and the late Mrs. Parr, of Opp, and Mr. and Mrs. L.C. McCollough, of Elba.

Miss Sharon Pittman was organist and Miss Jennifer Pittman sang, "Because," "Always," and "With This Ring I Take Thee." The bride was given in marriage by her uncle, J. M. Meadows, in whose home she resided. Her dress of white tulle and satin was floor-length and made with full skirt which was caught in a silver tulle. She carried an orchid bouquet and wore a blue tulle dress with a blue tulle skirt and a blue tulle skirt. The bridesmaids were similarly dressed and carried blue carnations. They were Miss Janice Linton, Miss Janice Linton, and Miss Janice Linton.

Mrs. J.W. Moody, Mrs. John Cotten, Mrs. Bill Bullard, and Mrs. Fred Kelley, a new member.

The hostesses served a delicious salad plate.

Mrs. Gordon Capps is recovering from major surgery at Elba General Hospital.

Mr. Lawrence Wilson and daughters Alice and Carolyn, visited Mr. and Mrs. J.E. Gilmer and family in Atlanta the past weekend. Mrs. Gilmer is the former Miss Nell Wilson.

We are happy to report that Mr. Haywood Taylor has been released from the hospital and is back at his place of business.

James Brooks, student at University School of Nursing in Birmingham, visited his parents, Mr. and Mrs. Malcolm Brooks, last weekend.

Mrs. T. B. Bryan and Mrs. Price Ringo represented the Three-In-One Study Club at the fall federation meeting in Andalusia Thursday.

Mrs. Thelma Clark and Mrs. Charles Ellis and children visited in Montgomery Saturday.

Mrs. Rebecca Braswell, of Montgomery, was a guest in the home of Mrs. Thelma Clark last week.

Eighth  
Birthday  
Celebrated

Judy Kayron Hudson, daughter of Mr. and Mrs. Durrell Hudson, celebrated her eighth birthday Friday afternoon with a delightful Halloween party given by her mother on the lawn at their home on Brantley Road.

The party area was outlined with Jack-o-lanterns and festoons of orange and black paper.

As the guests arrived they were given Halloween masks representing Indians, hoboes, witches and clowns.

Mrs. Hudson was assisted by Mrs. Ted Prescott and Mrs. C.O. Allred in supervising games and serving refreshments which consisted of pumpkin cake, nuts, candies, and other dainties.

Sharing this happy affair with Judy Karon were the members of Mrs. Sara Sharpless' section of the second grade.

Mrs. T.T. Rhodes and Miss Totsey Rhodes spent the weekend with Mr. and Mrs. Bill McDonald and Tommy in Columbus, Ga.

Doctor Charles Graham, Reverend Wesley Bozeman, Mrs. Bill Bullard, Mrs. Harold Tucker, Mrs. Clifton Boutwell, Mrs. Gerald Crook, Mrs. Dixie Deal, Mrs. Eric Crook, Mrs. Cupdean Crook, Mrs. Mary Young, and Mrs. Virginia DeVane.

PRESCRIPTION CHEMISTS

IS A LOW PRICE MOST IMPORTANT?

Not when someone is very sick and needs medicine. Then, you depend on a pharmacy like ours, where you get every possible service that can help you most.

It isn't difficult for any discount to give you a less than needed price on a few of the fastest selling drugs. Part of the loss can be made up by also discounting service, the rest by high profit, unfamiliar-to-you products. We offer no "bait" bargains, just honest fair prices, always, on everything we supply.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver it to you without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

We eventually arrived in Birmingham and were very glad to see familiar faces as we were without a way to get home. Judge Paul Wayton Sharpless and his two sons shared their

any gathering and the three gentlemen on the front steps were a prelude to the congenial welcome within. It was good to see those seldom seen faces of Mrs. Ralner, Jerry Huggins, Linda Thomas, nurses aid at hospital, Reda Hamilton, nurses aid at hospital, and Paul Capps, auto mechanic Basil Whitman Motors; Richard Windham, machinist at Windham Power Lifts; Jerry Huggins, a bonnet technician at hospital; Benice Donaldson, sheet metal worker, Dorsey Trailers; Jesse Lee, draftsman at Dorsey Trailers; Randal Parker, electrician at Dorsey Trailers; Jimmy Kelley, carpenter at Dorsey Trailers; Wayne Morgan, Coffee County engineer; Jerry Calhoun, grocery; Pansy McCord, medical record assistant at hospital; Ralph Farris, auto mechanic; Tammell Auto Supply; Sheila Smith, nurses aid at hospital; Charles Boswell, V.J. Elmore store; Charles W. Jacobs, co-ordinator.

Back row from left: Billy Rex Kelley, machinist Windham Mfg. Co., Howland Motor, F.K. Tire & Rubber Co.; Bobby Cooper, draftsman Dorsey Trailers; Joe Roberts, Auto Parts; Ronnie Vaughan, laboratory technician at hospital; Anthony Brown, TV repairman, Parrish Radio & TV; Larry Goodson, auto mechanic; James Dodson, carpenter, Dorsey Trailers; Robert Donaldson, Rigby Wigley.

They responded by being thrilled and by taking Jo into doing her own face and home. We all stopped at a restaurant off the highway for dinner and it all turned out to be a gala affair.

Waiting in the lobby of the Tutwiler Hotel is an integral part of any ball game and we saw many elegant clothes, cute colds and friends. Lorene and Sam Sawyer, Paul and Nancy Morrow, Gordon and Suzanne Clark, and Jimmy Sawyer of Enterprise, a former student of mine now a collegiate Sigma Mu at Bama, were among those who stopped to chat.

PENSACOLA was host to four carret last weekend when he was a guest of friends at the nautical bazaar. John told us he thoroughly enjoyed seeing many old friends, and the preview of the newest defense equipment available.

CHATTING with Lois Woodham the other day we learned that she and Ed had spent the weekend in city with his brother, Mrs. C. N. Woodham. And we were glad to learn that Mrs. Woodham is recovering nicely from a recent heart attack.

EXCITING NEWS about Tommy Vaughan is that he has been elected president of the freshman class of the University Medical School. And so it seems that the honors continue to accumulate around Elba's young man-of-the-hour.

WORK GOES FORWARD on the Memorial Garden being planned by the Garden Club. The ladies have conferred with a landscape artist and plan to put many of his suggestions into effect. We feel that the patients at the hospital as well as their many visitors will enjoy this project.

AN UNUSUALLY HAPPY TIME was experienced by the classmates of Judy Karen Hudson who were invited to the Halloween party on October eighth for a birthday party. The yard was encircled with pumpkin lanterns that indicated the Halloween theme. When refreshment time arrived the children were thrilled over the pumpkin shaped cake with its black candles and their own pumpkin cookies.

Jo Hudson really entertained the youngsters royally. First she made moving pictures and then, using make-up and imagination, gave each child a clown, hobo or Indian face.

BPW Meet At  
Recreational  
Hall Monday

The October meeting of the Elba Business and Professional Women's Club was held Monday, October 14th, at the Recreational Hall.

After a delicious chicken supper the meeting was called to order by Mrs. Adeline Prescott, president. Mrs. Prescott thanked all members who helped to make National Business Women's Week a success. After a brief business session the meeting was turned over to Mrs. P.H. Sellers, chairman of the Personal Development Committee, who introduced Mrs. Mary Olive Purvis, of Montgomery, spent Saturday night and Sunday with her sister Mrs. T.D. Kendrick.

Mr. and Mrs. G. P. Miles attended the Alabama - Tennessee football game and visited their son and wife, Doctor and Mrs. Paul Miles, last weekend.

## Soil Test

During the next few months, thousands of ornamental plants and shrubs will be set out. The frightening fact that has come to light, though, is that a high percentage of what is planted won't even make it through the winter.

for failure will be offered: soil too acid; not enough fertilizer; too much lime; not enough lime; and so the story goes. But it doesn't have to. There's a way to answer these questions before pretty plants and precious money go down the drain—soil test.

A representative soil sample from your shrubbery bed or flower bed sent to the soil testing lab at Auburn for analysis can mean the difference between success and failure for your plants.

Your local county agent has soil boxes, shipping cartons, and complete instructions free for the asking. There is a small lab fee to defray the cost of analysis.

EVERYBODY GETS INTO THE ACT — Homecoming at Elba High School is one of the big annual events each Fall. Scenes shown here are proof of the all-out activities of the school and of the city. Lead picture is the Tiger Marching Band as they perform. The National Guard and Boy Scouts were among the paraders. The Class of 1963 was honored and four of the eleven class members are shown here with Superintendent Elmer Taylor, left; Principal Lamar Foley, right; and City School Board of Education Chairman, Sam Collier, center. Class members are from left: Lawrence Mayo (Lucile Taylor), of Montgomery; Mrs. Henry Dorsey (Mary Virginia Lee) of Elba; Mrs. Joe E. Clark (Hazel Bushy) and Mrs. Leon McIntosh (Lena Mae Malloy) both of New Brockton. We see the lovely Homecoming Queen, Barbara Stuckey and her escort, Johnny Jones. Queen attendants are Miss Cheryl Clark, with her escort, Dwight Holley, and Miss Linda Pearce and escort, Max Reeves. The Girl Scouts parade and riding in a convertible is Miss JoAnn Brazelton, DAR Good Citizenship Girl, Little Miss Elba, Becky Kelley, and attendants.

The Homecoming float with its huge columns and the beautiful Homecoming Queen and attendants and their escorts was the most beautiful thing rolling. The Tiger Cheerleaders whooped it up that day and as a result the Tigers rolled up a win on the football field that night. The Brownies and Girl Scouts marched, the clowns had a good time galloping through the streets; Miss Elba, Angie Smith, rode a convertible, horses paraded, old jalopies managed to sort through the event and children drove horses hitched to carts.

Young ladies dressed as grown-ups were seen everywhere as well as kindergarten classes. Students surrounded the square and hundreds enjoyed the parade. Men and women's club by, city officials, Chamber of Commerce officers and others took part in the parade adding to the show. Those not participating in the parade were on hand to see it. It was a big day which ended with a Tiger win.

action Victoria tower was erected by the state to facilitate the care of the area around the county.

A very valued employee is "Bill" who not only looks after the forest lands but supervises the outside

timber purchases. Bill is well known and beloved in Elba as is his family. Bill, Jr., his son, is employed in the Post Office Department in Elba. His daughter is Mrs. Elizabeth Hornsby. His wife, the former Gladys Goodson, of Brundridge, and he reside in New Town Elba

and are active members of the Westside Baptist Church.

L. Alvie Gallimore is manager of the Flack Lumber Company and has been with the firm for over twenty years. He was transferred from Brundridge in 1949. He came up through the mechanical end of the business and through his experience, his services are most valuable in the operations of the highly complicated automatic machinery necessary to run a sawmill today.

Under Gallimore's management fall the procurement, production, sales and shipments of the company for which he is directly responsible. His long association with the lumber business in every place has qualified him as an expert, but this is not his outstanding feature. He is known rather by his honesty

and integrity, friendliness and warmth. His wife was Eleanor Bryan and his children, Ricky and Pamela, are well known and beloved in the city of Elba. They are members of the Westside Baptist Church and they reside on Sunset Boulevard.

Miss Mary Kelley is the very efficient secretary for Flack Lumber Company. Foremen are: planing mill, Albert Anderson; green chain, Bill Brown; sawmill, Robert Ross; pulpwood yard, Cecil Godwin, yard manager.

Sixty-five are directly employed by the Elba Division of Flack Lumber Company. Approximately seventy-five are indirectly employed by the company who work on contract.

W.C. "Bill" Posey has had extensive experience as a forester and land manager. Bill has been working in with timber for fifteen

years. He is married to the former Gladys Hill and they have two sons, Danny and Gary, both who are attending Auburn University. Danny will graduate this quarter. Gary is in his first year. Both are in the school of pharmacy. Bill and family all are members of the Baptist Church. They have purchased a home in Brookdale. The Poseys are former residents of Georgia.

Fletcher H. Majors has been employed in the timber business most of his adult life. He has been in pulpwood production for the past twelve years. He is married to the former Louise Jackson and they have two children, Fletcher Jr., in the eighth grade, and Gloria, who is in the third grade.

The Majors are former residents of Pineapple, Alabama. They are members of the Methodist Church and now reside in Brookdale.

## PICTURE STORY FLACK LUMBER COMPANY...

**BIG OPERATION** — Scene no. 1 — Logs as they were being unloaded at the sawmill, the first step of a big operation. The logs are carried from the ramp to the debarking machine. A log is shown in scene no. 2 as it enters the debarker. Scene no. 3 shows the same log as it is coming through the de-barking machine.

Scene no. 4 shows the log as it is carried to the headrig being prepared to go to the gang saw. No. 5 is the log in

the gang saws and No. 6 is the lumber as it emerges from the gang saws. No. 7 is a machine that was recently installed - the Lawson Lumber Stacker. Lumber is seen as it travels to the stacks and No. 8 is lumber being stacked ready for the yard. Scene No. 9 is a stack of lumber after leaving the stacker and being carried to the yard as seen in No. 10. Scene No. 11 is chips being loaded for shipment to St. Regis Paper Company in Jacksonville, Florida. (See front page picture and story)

## Famed Stradivarius Violin Discovered By Samson Resident

Antonio Stradivari, maker of the world's finest violins, died more than 200 years ago. But the search for his priceless instruments still goes on. Stradivari made an estimated 1,116 instruments between 1665 and 1737, the year of his death at age 93. The famed Italian's instruments are valued today from \$15,000.00 to \$50,000.00, and more.

W. M. (Neil) Feaster, 10 South Wise Street, Samson, Alabama, claims he has one of the famed "Strads."

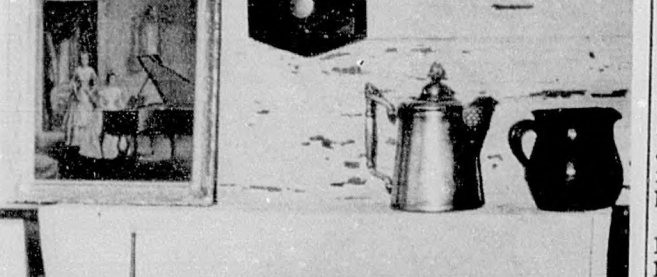

Feaster, born and raised four miles west of Andalusia on a 160 acre farm, told editors of this newspaper in an exclusive interview that his father gave him the "Strad" in 1907, the event being his seventeenth birthday. Feaster said that his father (J. L. Feaster, born in the Carolinas) got the violin from his father (Neil's grandfather) who brought the instrument from Germany over 200 years ago. The grandfather got the violin from Italy.

NEIL FEASTER, who said his father played the violin left-handed over the base, said that the strings are the original ones when he got it some fifty-six years ago. Before that, Neil Feaster doesn't recall about the strings.

Feaster has been offered \$36,000.00 for the instrument but refused it because payment was offered in check form. "The Strad" is for sale to the highest bidder, and for cash."

Inside the violin can be seen what is believed an authentic label. The worn label reads "Antonio Stradivari, Cremona, Faciebat Anno 1717."

U. S. traffic accidents claimed 38,000 lives in 1961. More than three-quarters of these fatalities occurred on rural roads and highways.

FEASTER, WITH HIS SUPPOSED "STRAD", told this newspaper recently that the instrument was the owner of one of the violins over 200 years ago. In background is an old picture given to Feaster by his mother many years ago. The containers were given to Feaster by his mother also, which was given to her by her mother. The old clock in the picture is a Seth Thomas, which was made before makers knew how to make the clock strike.

A host of friends and relatives from Elba, Panama City, Montgomery, Mobile, and other places called to extend congratulations and good wishes to this much loved couple.

FARM BRIEF  
A 4-H Club is an organized group of young people who carry on educational projects and activities under the guidance of Extension Service and a volunteer local 4-H leader.

SEATS in superionic places should be built to accommodate comfortably and safely a 225-pound man rather than the 170-pounders planners had in mind when designing today's commercial transports, say the Civil Aeronautics Administration, Federal Aviation Agency. At 170 pounds, the institute points out, the inertia of the seat in impact is greatly accelerated. The result is a heavier impact on the passenger's head and neck.

Electrical circuit wires that heat above 140 degrees are definitely over-loaded. Electricity used in producing this heat is wasted and often means paying a bigger power bill.

Fire is not an effective method of killing honeybees except as a pre-treatment for herbicide applications.

The 4-H Club has now spread to more than 70 foreign countries. These clubs have an estimated membership of more than five million boys and girls.

## "Christmas Family Night" Scheduled For November 29th

Santa Claus will arrive in Elba in all his glory and to the excitement of children on Friday night after Thanksgiving Day, November 29th.

The Chamber of Commerce Merchant's committee with Glen Vaughan as chairman, are sponsoring "Christmas Family Night" on November 29th. An exciting program is being planned and lots of free entertainment to be presented climaxed by the giving away of an automobile by the Volunteer Fire Department.

This will be a kick-off of the Christmas season in Elba. Merchants will have their Christmas merchandise on display. Many Elba merchants will have advertisements in this newspaper next week.

A more complete detailed story will be published in this newspaper next week.

Funeral services were held at the First Methodist Church of Elba Sunday afternoon at 3 o'clock, the Reverend David W. Carter officiating.

Survivors include the widow, Mrs. Willie Vaughn, seven sons, Vaughan and Paul Hamm, Mobile, Robert and Dr. Phillip H.
